Reference: FCC Docket Nos 96-45, 98-171, 90-571, 92-237, 99-200, 95-116, 98-170  
and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I only use my wireless phone for emergencies and if I am forced to pay \$1.00 per month over what I pay for the minute/unit cards I purchase, in addition to my living expenses, I will not be able to afford future services with ANY wireless telephone company. I hope the current policy will not be changed.

However, if it does, you should at least do a system of payment that is based on USAGE of the phone services. A flat rate all around will drastically destroy many wireless phone company businesses when customers decide not to spend all that money.

Please do not change the policy.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Jeremy Moats
